

ROOSEVELT SPEAKS TO PEOPLE OF NEW SOUTH

The President Emphasizes the Fact That the North and the South Are Now a Completely United Country—The Blue and the Grey.

SOUTH MUST BE IN TOUCH WITH CUBA

Exposition Made Possible at Charleston Because of the Industrial Prosperity Through Which the Country is Passing—An Era of Great Combines

Charleston, S. C., April 9.—South Carolinians, who would rather die than vote the republican ticket are today wearing buttons and cheering for Teddy. The President's day at the exposition opened fair and warm. All night rains had been pouring in visitors from throughout this state and North Carolina.

The ceremonies at the exposition were preceded by a parade composed of regulars, sailors and marines and the militia from North and South Carolina.

The President's carriage was surrounded by guards and the streets were packed by people who cheered President Roosevelt. He responded, by raising and lowering his hat and smiling with evident pleasure at the heartiness of the demonstration.

After reaching the exposition grounds he reviewed the parade then the address of welcome was made to which the president responded by a speech in part as follows:

The President's Address
"It is to me a peculiar privilege to speak here in your beautiful city. My mother's people were from Georgia; but before they came to Georgia, before the Revolution, in the days of Colonial rule, they dwelt for nearly a century in South Carolina; and therefore I can claim your state as mine by inheritance no less than by the stronger and nobler right which makes each foot of American soil in a sense the property of all Americans."

A United People
"With delicate and thoughtful courtesy you originally asked me to come to this exposition on the birthday of Abraham Lincoln. The invitation not only showed a fine generosity and manliness in you, my hosts, but it also emphasized as hardly anything else could have emphasized how completely we are now a united people. The wounds left by the great Civil War, incomparably the greatest war of modern times, have healed; and its memories are now priceless heritages of honor alike to the North and to the South. The devotion, the self-sacrifice, the steadfast resolution and lofty daring, the high devotion to the right as each man saw it, whether Northerner or Southerner—all these qualities of the men and women of the early sixties now shine luminous and brilliant before our eyes while the mist of anger and hatred that once dimmed them have passed away forever."

The Blue and the Grey
"All of us, North and South, can glory alike in the valor of the men who wore the blue and of the men who wore the gray. Those were iron times, and iron men could fight only to its terrible finish the giant struggle between the hosts of Grant and Lee. To us of the present day, and to our children and children's children, the valiant deeds, the high endeavor, and abnegation of self shown in that struggle by those who took part therein will remain for evermore to mark the level to which we in our turn must rise whenever the hour of the nation's need may come."

"When four years ago this nation was compelled to face a foreign foe, the completeness of the reunion became instantly and strikingly evident. The war was not one which called for the exercise of more than an insignificant fraction of our strength and the strain put upon us was slight indeed compared with the results. But it was a satisfactory thing to see the way in which the sons of the soldier of the Union and the soldier of the Confederacy leaped eagerly forward, anxious to sow in brotherly rivalry the qualities which had won renown for their fathers, the men of the great war. It was my good fortune to serve under an ex-Confederate general, gallant old Joe Wheeler, who commanded the cavalry division at Santiago."

In Touch With Cuba
"You have made a particular effort in your exhibition to get into touch with the West Indies. This is wise. The events of the last four years have shown us that the West Indies and the Isthmus must in the future occupy a far larger place in our national policy than in the past. This is proved by the negotiations for the purchase of the Danish Islands, the acquisition of Porto Rico, the preparation for building an Isthmian canal, and, finally, by the changed relations which these years have produced between us and Cuba."

"As a nation we have an especial right to take an honest price in what we have done for Cuba. Our critics abroad and at home have insisted that we never intended to leave the island. But on the 20th of next month Cuba becomes a free republic and we turn over to the islanders the control of their own government. It would be very difficult to find a parallel in the conduct of any other great state that has occupied such a position as ours. We have kept our word and done our duty, just as an honest individual in private life keeps his word and does his duty."

Industrial Prosperity
"This exposition is rendered possible because of the period of industrial prosperity through which we are passing. While material well-being is never all-sufficient to the life of a nation, yet it is the merest truism to say that its absence means ruin. We need to build a higher life upon it as a foundation; but we can build little indeed unless this foundation of prosperity is deep and broad. The well-being which we are now enjoying can be secured only through general business prosperity, and such prosperity is conditioned upon the energy and hard work, the sanity and the mutual respect, of all classes of capitalists, large and small, of wage workers of every degree."

Era of Great Combines
"This is an era of great combinations both of labor and of capital. In many ways these combinations have worked for good; but they must work under the law and the laws concerning them must be just and wise, or they will inevitably do evil; and this applies as much to the richest corporation as to the most powerful labor union. Our laws must be wise, sane, healthy, conceived in the spirit of those who scorn the mere agitation, the mere inciter of class or sectional hatred; who wish justice for all men; who recognize the need of adhering so far as possible to the old American doctrine of giving the widest possible scope for the free exercise of individual initiative; and yet who recognize also that after combinations have reached a certain stage it is indispensable to the general welfare that the Nation should exercise over them, cautiously and with self-restraint, but firmly, the power of supervision and regulation."

Sees the Exposition
Upon the conclusion of the exercises in the auditorium the president and party were taken through each exhibition building and entertained afterwards at luncheon in the Woman's building. Following the luncheon the party will take their train at 4 o'clock at the exposition grounds and proceed to Summerville where they will be entertained at dinner this evening at the Pine Forest Inn by the president of the Exposition company. Wednesday night will be spent at the inn.

Last Day Given to Sight-Seeing
Tomorrow morning it is intended to visit the tea farm at Summerville and to drive to Magnolia Gardens on the Ashley river. Luncheon will be served at the Pine Forest Inn after which at 2 o'clock the party will leave for Washington, arriving there on Friday morning, April 11, at 7:30 o'clock.

SPEAKS TO THE NEW SOUTH
President Theodore Roosevelt's Address at Charleston, S. C.
Charleston, S. C., April 9.—The first visit of a president of the United States to Charleston since the civil war was marked by an enthusiasm that surprised the older inhabitants of this staid, conservative southern city, even more than it did Mr. Roosevelt and his party. The entire population turned out to do honor to the nation's chief executive and thronged the streets all day waiting for a glimpse of the distinguished visitor.

At eight o'clock 150 of the prominent citizens gathered at the Charleston Hotel last evening where a dinner was given to the president, while at the same hour Mrs. Roosevelt was the guest of honor at a reception at the St. John's given by the ladies of the city.

Mayor Smythe, in giving the toast of the evening "The President of the United States," gracefully welcomed the city's guest. For five minutes thereafter the president was unable to respond for the cheers.

When quiet was restored he said in part: "I should indeed be but a poor American myself if I were not deeply touched and gratified by the way you have greeted me today in this, your beautiful city; and, of course, I feel at home here. (Applause.) I think that an American who is worth his salt has the right to feel at home in every part of the United States." (Applause.)

Political Reverberations in Toledo
Toledo, O., April 9.—The Republicans have elected their entire city ticket, headed by Frank Van Loo for street commissioner, by an average majority of 1,100. They also have ten majority in the board of councilmen and a two-thirds majority in the board of aldermen. This is a complete political reversal.

WILL ACCEPT THE SENATE OLEO BILL

Meeting of Dairymen at Washington Yesterday — Representative Dahle Hurries Home.

Washington, D. C., April 9.—At a meeting of the representatives of the dairy interests of Wisconsin, New York, Ohio and other states held last night, which was attended by H. C. Adams of Madison, Wis., it was decided that the best interests of the dairy interests would be served by consenting to the passage of the bill as it came from the senate and avoiding the danger of its having to go again before that body.

Ex-Gov. Board of Wisconsin was expected to be here for the conference but was kept at home by ill health. Senator Quarles secured an amendment to the rivers and harbors bill increasing the appropriation for the improvement and maintenance of the Menominee river on the border between Wisconsin and Northern Michigan from \$20,350 to \$40,000.

Representative H. B. Dahle of the Second district left for his home at Mount Horeb hurriedly yesterday upon receiving news of serious illness in his family. His wife and one of his children are quarantined with the family of a brother, one of whose children has typhoid fever.

A GREAT STRIKE SEEMS INEVITABLE

West Virginia Miners Will Go Out Unless Operators Make Concessions by Saturday.

Indianapolis, Ind., April 9.—Unless operators of the West Virginia bituminous coal fields make important concessions before Saturday it is hardly probable that a strike can be avoided.

The national board of the United Mine Workers of America was closed with the president of the miners' organization in West Virginia and with district officers all day. The result of the conference was not made public, but upon reliable information it was learned that reports brought by these officers were unsatisfactory.

KRUGER FOR WAR TO THE BITTER END

Amsterdam, April 9.—The Boer delegates here say that from the prolongation of the peace conference of Schalkburg and Steyn it is evident that the peace effort will prove abortive. If the question is submitted to Kruger the delegates say he will urge a continuation of the war unless the republic is given independence.

SOCIALISTS STOP KING LEOPOLD

Brussels, April 9.—While riding through the streets in an automobile this afternoon, King Leopold was attacked by a mob of socialists who surrounded his vehicle and waving red flags shouted long live the republic. No attempt was made to do him bodily harm or to stop the automobile, but by expert handling of his machine and by putting on full speed he managed to get away from his assailants.

Pigeons Make Long Journey.

Brazil, Ind., April 9.—The longest flight of carrier pigeons owned in this country has just ended. The birds belong to Edward Somers of Staunton and were taken to Manatee, Fla., where Mr. Somers is spending the winter. The birds were released and arrived home in good order, making a flight of 900 miles in thirty-six hours.

P. Hohenadel, Jr., returned yesterday from a business trip to California. He visited a number of cities in the west while he was away.

DREAMS OF RHODES WERE SPLENDID; PLANNED ANGLO-AMERICAN UNION

Proposed Vast Secret Society to Promote Peace of the World—Scheme Unfolded to W. T. Stead, Warned the British of Wasting Time

London, April 9.—Cecil Rhodes' political will and testament, his confessions of his life aims, his desires for an Anglo-American alliance to control the world, his plan to combine the wealth of the world in one secret society to foster the Anglo-American alliance, with absolute home rule, his free trade views, and his secret thoughts of the future of Rhodesia, will be given to the world by his political executor, W. T. Stead in the forthcoming issue of the Review of Reviews.

The article was written by Cecil Rhodes in 1890, hurriedly thrown together as a summary of a conversation between himself and Mr. Stead, and it was left in the hands of Mr. Stead to use when he believed the time to be fitting. Mr. Stead was asked to revise the manuscript, which merely sketched, with great power and sweeping strokes, the views of the empire builder. He wisely refrained, presenting the views in Rhodes' own words, adding only his own explanations at various points.

Rhodes wrote that the key to his idea was the foundation of a society of rich men, who should leave their

CHINA GIVES HER CONSENT

The Manchurian Convention with Russia Is Signed at Peking.

PROMISES OF CZAR

Agrees to Restore the Niu-chwang Railroad When the British Give Up Control.

POPE PLANS MISSION

Peking, April 9.—The Manchurian convention was signed today. The ratification will take place three months from date. The Russians undertake to restore the Niu-chwang and Shan-Hai-Kwan railroad to the Chinese when the British relinquish control of the railway in Chee-Loo province.

Sir Ernest Satow, the British minister here, is, however, negotiating to secure a large preponderance of British administrative control in the latter railway after it is handed over to the Chinese.

Tien Tsin, April 9.—Three thousand Chinese troops and a number of Krupp guns have been dispatched to southern Mongolia, where the people are in revolt against the severe indemnity taxation.

Several villages have been strongly fortified and their inhabitants are determined to fight. They say they are assured of the assistance of 30,000 disaffected persons.

POPE'S MISSIONS TO ROYALTY

Decides on Representation at Both British and Spanish Courts.

Rome, April 8.—In spite of the opposition of Cardinal Rampolla, papal secretary of state, the pope has decided to send important special missions both to the coronation of King Edward and to the festivities in Spain attendant upon the enthroning of King Alfonso.

The cardinal's opposition to the sending of the mission to England was based on the fact that the British parliament did not change the anti-Catholic formula of the accession oath and Monsignore Merry Del Val, whom the pontiff assigned to be chief of the missions, openly refused to go while the present wording of the oath is maintained.

Nevertheless the mission will be sent and will probably arrive in London a few hours after the religious ceremony. This will be a repetition of the diplomatic maneuver carried out at the coronation of Czar Nicholas II at Moscow.

The question of the advisability of the papal mission to Spain was due to the compromise effected by the queen regent in nominating the Spanish ambassador to the vatican as her representative at the pope's jubilee. Under ordinary circumstances a royal prince would have been appointed, but he would have been obliged to go also to the quinal, thus creating a situation full of unpleasant possibilities.

The pope was much displeased at this step and decided to be represented at King Alfonso's majority festivities by the papal nuncio at Madrid. The matter was smoothed over, however, and it is now understood that Spain will send a grandee with an important retinue especially to invite the pope to send a representative, whom probably will be Cardinal Vannutelli or Cardinal Cretoni, both former nuncios at Madrid.

STOCK FARM TORN

Youngstown, O., April 9.—Fire destroyed the training and stock farm of the Charles F. Bates Horse company and the residence of Manager Norman N. Rogers, near Hubbard. The loss is estimated at \$25,000.

DREAMS OF RHODES WERE SPLENDID; PLANNED ANGLO-AMERICAN UNION

Proposed Vast Secret Society to Promote Peace of the World—Scheme Unfolded to W. T. Stead, Warned the British of Wasting Time

London, April 9.—Cecil Rhodes' political will and testament, his confessions of his life aims, his desires for an Anglo-American alliance to control the world, his plan to combine the wealth of the world in one secret society to foster the Anglo-American alliance, with absolute home rule, his free trade views, and his secret thoughts of the future of Rhodesia, will be given to the world by his political executor, W. T. Stead in the forthcoming issue of the Review of Reviews.

The article was written by Cecil Rhodes in 1890, hurriedly thrown together as a summary of a conversation between himself and Mr. Stead, and it was left in the hands of Mr. Stead to use when he believed the time to be fitting. Mr. Stead was asked to revise the manuscript, which merely sketched, with great power and sweeping strokes, the views of the empire builder. He wisely refrained, presenting the views in Rhodes' own words, adding only his own explanations at various points.

Rhodes wrote that the key to his idea was the foundation of a society of rich men, who should leave their

money in trust to the society instead of undeserving relatives, the money to be used in controlling the world. He declared the nations, with the United States leading, were combined to boycott the manufacturers of England; that the British government was blind to the fact that it was losing its power; and that the British should at once declare commercial war on America and boycott American goods until that country should "come to its senses."

He declared a combine of the United States and Great Britain would secure the peace of the world for all eternity, and he suggested a federal parliament to meet five years in Washington and five years in London.

Rhodes saw clearly the coming expansion of America. He declared President Harrison dimly saw the inevitable overflow of the United States into other lands, and he rather impatiently criticized him for not grasping the idea more broadly. He scored the British leaders bitterly for failure to realize the fact that their commercial leadership was slipping away from them.

BEERASAN EDUCATOR

Use of It Educates the Public to Use More of It—Brewers Hold a Meeting in Chicago.

Chicago, Ill., April 9.—The National Brewers' association held a short meeting here today. All the companies which have made cities famous were represented. Milwaukee, St. Louis, Cincinnati, Philadelphia, Rochester, and New York delegations were present. The brewers said the meeting was a formal one, and they did nothing which will interest the public.

"We are promoting internal harmony," said Augustus Busch, Jr., of St. Louis.

"You know there's nothing better than beer for that," said J. H. Bonnell of New York. "About twenty classes."

"We will not raise the price of beer, though we need the money," said a Milwaukee man. "We want to increase our output, but we have decided the best way to do that is to educate the public taste. Education is our watchword. We would educate the public to drink more beer."

BODY OF RHODES IS LYING IN STATE

Funeral at Bulawayo Tomorrow at the Same Time as Memorial Service in London.

Bulawayo, Matebeleland, April 9.—The funeral train conveying the body of Cecil Rhodes, which left Cape Town, April 3, arrived here today. The town was draped in mourning and practically the entire population assembled at the railroad station and accompanied the coffin to the drill hall, where it lay in state all day. Tomorrow the coffin will be taken to the Rhodes farm in the Matopos district, where it will be conveyed on April 10 to the hill called "The View of the world." The services there will synchronize with a memorial service at St. Paul's cathedral, London.

BABCOCK WILL BE CHOSEN TO LEAD

Wisconsin Man Consents to Head the Republican Congressional Committee Again.

Washington, D. C., April 9.—The republican congressional committee will meet on Thursday to organize for the campaign. It is said that the old officers will be re-elected. Mr. Babcock of Wisconsin is chairman; Mr. Loudermeyer of New Jersey secretary. The committee is completely harmonious. The question arose regarding Mr. Babcock's health. He has recovered and has consented to head the committee.

REBEL AGAINST PAYING TAXES

Some Chinese Refuse to Pay Indemnity Assessment and Fortify the Towns.

Tien Tsin, April 9.—Three thousand Chinese troops and a number of Krupp guns have been dispatched to southern Mongolia, where the people are in revolt against the severe indemnity taxation. Several villages have been strongly fortified and their inhabitants are determined to fight. They say they are assured of the assistance of 30,000 disaffected persons.

ST. LOUIS EXPO. DIRECTORS MEET

They Fail to Take Action on the Move to Postpone the Exposition Until 1904.

St. Louis, Mo., April 9.—The directors of the Louisiana Purchase exposition met today, but took no action on the proposition to postpone the fair to 1904.

Albany, N. Y., April 9.—Governor Odell signed Mr. Colby's bill appropriating \$100,000 for a New York state exhibit at the St. Louis exposition.

CONVOCAION OF MASONS

Many Wisconsin Masons Attend Meeting of the Consistory

Milwaukee, April 9.—About 200 members of the Wisconsin consistory, Scottish Rite Masons, were in attendance at the second day's sessions of the fortieth annual convocation of the order at the Masonic building yesterday. Hardly a town in the state was without representation and those present included a number of officials and other well-known citizens. The class is one of the largest in the history of the order and numbers forty-six. The Wisconsin council of the Princes of Jerusalem was in session yesterday afternoon and the Wisconsin chapter of Rose Croix met last evening. The work will be completed Thursday afternoon and a banquet will be held that evening.

TROOPS ARE STILL ON WAITING ORDERS

Guthrie, Okla., April 19.—Except the burning of a negro church no outbreaks have occurred in Lawton since the announcement that the governor would send troops to preserve peace. The determination of the governor seems to have quieted the mob spirit. Troops are still on waiting orders.

HE HAD ORDERS TO SLAY ALL

Maj. Waller Claims He Followed Instructions by Gen. Smith.

COMMAND WAS KILL

Was Ordered to Make Province a Wilderness, and Take No Prisoners.

ALL OVER TEN YEARS

Manila, April 9.—At the court martial of Major Waller today the defendant took the stand to rebut the evidence given by General Smith, the military commander of Samar, who testified yesterday that he had no knowledge of the killing of natives by Major Waller's command until he was informed of the facts by General Chaffee.

Major Waller fiercely contradicted General Smith's testimony. He declared that General Smith had said to him:

"I wish you to kill and burn. The more you kill the more you will please me. The interior of Samar must be made a howling wilderness. Kill every native over ten years old."

Captain D. D. Porter of the Marine corps testified that he had overheard General Smith's order to kill and burn just after the Balangiga massacre. Lieutenant Frank Halford, of the marine corps testified that General Smith had ordered Major Waller to kill all natives over ten years of age. Major Waller, he added, did not agree with the order, and he ordered Captain Porter to kill old men, women and children.

The defense requested that a subpoena be served on the adjutant general, demanding the production of the records of the massacre of Balangiga of the detachment of the Ninth Infantry, in order to refute the statement of General Smith to the effect that the attack on the troops was made according to the laws of war. The request was granted.

Fifty ladrones, armed with rifles and bolos, recently attacked five members of the constabulary of Saragosa, southeast Luzon, captured three of them and treated the captives with hideous barbarity, eventually cutting them into small pieces. A large force of constabulary went in pursuit of the ladrones.

Port Surgeon Hagency, from Bulacan, capital of the province of Bulacan, has reported eighty-one cases of cholera there, and has asked for assistance.

At Manila, up to noon today, 184 cases of cholera had occurred and there had been 140 deaths from that disease.

Washington, April 9.—No defense of Brig-Gen. Smith is attempted by the war department. Adjt-Gen. Corbin said that before judging Gen. Smith, consideration should be given to the character of the people with whom he had to deal, and the fact that the insurgents in Samar had been guilty of the most barbarous outrages upon American troops.

If Gen. Smith gave such orders as Maj. Waller alleges, then it is said he went far beyond his instructions, and the department will certainly not uphold him. Gen. Chaffee will be directed to make a searching investigation into the allegations. General Smith is now under orders to return to the United States to assume command of the department of Texas, but these orders will probably be suspended pending an inquiry.

BILL PASSES IOWA SENATE
Hubbard Railway Merger Act Now Goes to the Governor.
Des Moines, April 9.—The bill known as the Hubbard railway merger act, companion of the Molsberry bill, passed the house in practically the same form as it passed the senate. The impression prevails that the governor will veto it, as it is generally claimed to be intended as an aid to the Hill-Harriman railway merger, a feature which induced the governor's veto of the Molsberry bill.

The Hubbard bill authorizes any line incorporated under Iowa laws, regardless of location, to exercise the same privileges as lines operating in Iowa.

Death of Wealthy Colored Man.
Philadelphia, April 9.—Col. John McKee, the wealthiest colored man in Philadelphia, if not in the country, is dead. His estate is estimated at about \$1,500,000.

Eight Sepoys Killed in Action.
Simla, India, April 9.—Fifteen sepoy were ambushed April 7 on the Mahmud frontier. Eight of the soldiers were killed and three wounded.

Capt. Carter Continues to Improve.
Leavenworth, Kan., April 9.—The condition of ex-Capt. Oberlin M. Carter continues to improve. The fever has disappeared.

Russia Sends Guns to the East.
St. Petersburg, April 9.—New guns for nineteen batteries have been sent to the far east within the last few days.

STATISTICS OF ALL BRANCHES OF THE COMBINED TOBACCO TRADE

The Census Bureau Has Completed a Compilation Covering Growth and Manufacture of the Leaf.

The census bureau has completed the compilation of all the returns covering manufacturers of tobacco for the census year of 1900, which are classified under three heads: 1. Cigars and cigarettes; 2. smoking and chewing tobacco and snuff; and 3. stemming and rehandling of leaf tobacco.

Following is a table, giving in condensed form the statistics of all the branches of the trade combined, to show the magnitude of the entire industry:

	1900.	1890.
Number of establishments.....	15,222	11,643
Capital.....	\$121,049,571	\$90,094,733
Wage earners.....	142,777	122,775
Total wages.....	\$49,852,484	\$44,550,785
Miscellaneous expenses.....	79,405,422	37,501,081
Cost of materials.....	107,162,650	92,204,317
Value of products.....	253,075,546	217,740,000

The above figures make an interesting comparison of the two census years 1900 and 1890. In spite of the tendency toward consolidation the total number of establishments increased 31 per cent, and the capital increased 35.1 per cent. In this connection it should be remembered that the item of capital includes only live assets and bears little or no relation to stock and bond issues. The number of wage earners increased during the decade 15.9 per cent, and wages 11.9 per cent.

An item that is mystifying in the absence of explanation is the enormous increase in the miscellaneous expense account, which amounts to 111.6 per cent. The cause, however, is not far to seek, for by the act of June 13, 1898—the so-called war revenue act—the tax on manufactured tobacco and snuff was raised from 6 to 12 cents per pound, cigars were advanced from \$3 to \$3.60 per thousand and cigarettes from \$1 to \$1.50 per thousand. The internal revenue tax being included in the item of miscellaneous expenses, the cause of increase of more than 100 per cent, is obvious.

The most satisfactory items in the table are those covering cost of materials, which advanced only 16.1 per cent, and value of product, which rose 33.7 per cent. It will be noted that the value of the total products of the industry increased more than twice as much as the advance in wages and cost of materials. This

WARDEN DRAFAHL AFTER FISHERMEN

Deputy Game Warden Peter Drafahl was at Madison last week looking after the fishermen, who have been engaged in spearing fish. The warden about Madison were all known to the fishermen and could get no where near them before they would get out of sight. Drafahl was a stranger to them and after two days' work succeeded in catching two of the law breakers.

He had considerable trouble in landing them in jail as a large crowd of fishermen collected around where he caught them and threatened him with violence. He, however, took them along all right and they will have a jury trial this week.

Drafahl said that things were very quiet around Koshkonong. There is very little if any shooting going on there being a warden at some part of the lake the most of the time. The ducks were quite plenty this spring and on account of not being disturbed there should be larger numbers of them breed here.

Father Roche's Good Example.
Father Roche, pastor of the Holy Rosary church, of Milwaukee, has thrown a bomb into the ranks of the Democrats in his parish. In a sermon which he delivered two weeks ago, he told his parishioners that they ought not to vote for disreputable men simply because they are Catholics. He said that good men often support the candidates because they are members of the same church.

A CONTRAST

Of the face of a healthful woman with the face of one who is sick proves that quite often a sad face is a sick face. Many a woman has credit for a sunny disposition who would soon be sad of face and irritable of temper if she had to endure the womanly ills which many of her sex have borne for years.

Dr. Pierce's Favorite Prescription cures the diseases which are the source of so much pain and suffering to women. It establishes regularity, drives debilitating drains, heals inflammation and ulceration and cures female weakness.

Mrs. Cornelia Benson, of Canton, Boyd Co., Ky., writes: "In October 1892 I gave birth to a baby and the treatment I received at the hands of the midwife left me with falling of the uterus. I had no health to speak of for three years. I had another baby which was the third child. My health began to fail and I found myself completely worn out. I had so many pains and aches in my life time and also to all the family, for I was nervous and cross and I could not sleep. Had four doctors come to see me but at last found I was slowly dying. The doctors said I had liver, lung and kidney trouble. I was in bed for months and when I did get up I was a sight to behold. I looked like a corpse walking about. I commenced to take Doctor Pierce's Favorite Prescription, and ever since then I have been a well woman. I have suffered all a woman could suffer at my monthly period until since I began the use of Dr. Pierce's medicine. But now I can say I have no pain. The dark circles around my eyes are going away and I feel better in every way. My cheeks are red and my skin is white, but before it was as yellow as straw."

Accept no substitute for "Favorite Prescription" there is nothing just as good for weak and sick women.

Dr. Pierce's Pleasant Pellets are easy and pleasant to take. A most effective laxative.

was essential to the maintenance of this industry, however, in view of the great increase in the item of miscellaneous expenses.

Following are the final corrected totals of the cigar and cigarette branch of the tobacco industry:

	1900.	1890.
No. of establishments.....	14,000	10,950
Capital.....	\$67,756,493	\$39,517,827
Wage earners.....	103,462	88,450
Total wages.....	\$40,923,705	\$44,557,584
Miscellaneous expenses.....	41,836,701	18,366,030
Cost of materials.....	57,346,030	50,588,940
Value of products.....	190,723,152	129,693,276

These figures show a slight increase—a small fraction of 1 per cent—over the totals heretofore given in these dispatches for cigars and cigarettes, due to the fact that a few districts have sent in belated returns. The figures have been analyzed in previous dispatches.

In the table below are given the returns covering smoking and chewing tobacco and snuff for the two census years:

	1900.	1890.
No. of establishments.....	437	303
Capital.....	\$4,856,470	\$30,411,310
Wage earners.....	20,401	31,267
Total wages.....	7,109,821	\$8,568,071
Miscellaneous expenses.....	47,533,705
Cost of materials.....	35,038,267	23,102,210
Value of products.....	103,754,326	65,813,557

The most significant figures in the above table are those showing an actual decrease in the number of wage earners and amount of wages paid, while there has been a very large increase in the value of the product. This was due chiefly to improved methods of manufacture, which made a long stride in the decade from 1890 to 1900.

The returns showing the stemming and rehandling of tobacco reflect the tendency to consolidate, the number of establishments decreasing while the capital more than doubles. These statistics are as follows:

	1900.	1890.
No. of establishments.....	270	292
Capital.....	\$12,526,808	\$5,737,410
Wage earners.....	9,654	6,504
Total wages.....	\$1,817,067	\$1,455,946
Miscellaneous expenses.....	525,016
Cost of materials.....	14,168,349	\$12,813,105
Value of products.....	19,009,032	16,209,781

The growth here noted is normal and fairly proportionate in all items except number of establishments and capital already referred to.

and in so doing commit a crime against their families, their country and their religion. If all men in his position were as liberal minded as he, their influence for good would be incalculable.—Marion Advertiser.

Means Success.

There are very few self-made men but there are many advertising made men. Those who have the intelligence to see what advertising will do for them use the qualities which will make their advertising their best servant and will never fail to get on in the world and reach the top of the ladder of success if they have persistence to keep on climbing.—Advertising World.

Beloit College Musical Club.
The Beloit College Musical clubs, who are to be at the Myers Grand on Friday evening will be one of the

EDITH HUTCHINS IN THE BURGOMASTER.

What promises to be a musical event of unusual interest is the "all star" cast and the original eastern production of "The Burgomaster," which is announced for Saturday, matinee and night, April 12. This production is more elaborate and costly to a degree than the Chicago production and the organization is not only much stronger, but is pre-eminently recognized as one of the largest, most expensive, singing organizations of distinction before the public today.

In fact, the entertainment, as promised above, is the same in every detail as was originally presented in New York and which has for the past two years been seen in only the largest cities of the east; and this present western tour is only of but two weeks duration as they are now rehearsing while on tour a new musical comedy to be seen in Chicago next month.

This organization numbering eighty people, comprises such well known

musical events of the season, if the notices they have received on their present trip are any criterion. The club have invaded the musical centers of this section and their entertainments have called for notices in each place that puts them as among the best. The Glee Club contains some most wonderful voices, and they have been drilled to "a degree of absolute perfection."

Andrew Carnegie's Great Book.

The indications are that 50,000 copies of Mr. Carnegie's new book, "The Empire of Business," will be sold within a short time. This volume contains the results of Mr. Carnegie's long business career, which is certainly more successful and extraordinary than that of any other man in America. The author has covered fully the important points in business conduct and management, beginning with a young man's first start, discussing the A. B. C. of Money, Capital and Labor, Thrift, the Winning of a Fortune and the Spending. Trusts, the Anglo-American Trade Relations, Business as a Profession, the Costs of Living, Railroads, Steel Making, Special Education, the Tariff, and many other subjects in a most interesting and forceful style. The business man who will study one these books has an invaluable possession. Doubleday, Page & Company, of New York, are the publishers.

Better Push It.

Every business man has in his mind some advertising feature which could be used with profit. The reason it doesn't benefit him is because he doesn't make proper use of it. If this valuable valuable idea were embraced in a newspaper advertisement or put in a circular form or displayed on a billboard, the people of the community could and would respond to what he had to say.—Advertising World.

LIST OF LETTERS

Remaining uncalled for in the Janesville, Wis., postoffice, for the week ending April 9, 1902:

LADIES.

AGREEMENT WITH CEMENT POST CO.

Articles Drawn Up and Signed, for Location of the Factory in City of Janesville.

The following agreement has been entered into between the Janesville Business Men's Association and the Cement Post Company:

This agreement made and entered into this 15th day of April, A. D. 1902, by and between A. C. Wisner, of Battle Creek, Michigan, H. W. Morgenthau of Cincinnati, Ohio, and L. C. Cole, of Bowling Green, Ohio, parties of the first part, and the Janesville Business Men's Association, a corporation organized and existing under the laws of the State of Wisconsin, party of the second part.

Witnesseth: That Whereas, the first parties are desirous of obtaining from the second party certain lands and cash as a consideration for erecting a certain plant for the manufacture of cement posts and other products in the City of Janesville, Wisconsin; and

Whereas, the second party is desirous of having the said plant erected in the said City of Janesville.

Now, Therefore, it is mutually agreed between the parties hereto as follows:

First, the second party will procure free simple title to certain lands situated in the City of Janesville, Rock County, Wisconsin, being a portion of a tract of land known as the Paul farm in the south-easterly part of said city, said lands to aggregate ten acres in the north-westerly part of said Paul farm, the exact ten acres hereby intended to be selected by D. W. Hayes, of Janesville, Wisconsin, and H. H. Clough, of Elyria, Ohio, as arbitrators, and in case the said Hayes and Clough should be unable to agree upon the ten acres heretofore intended a third person shall be appointed as umpire, said third person to be selected by said Hayes and Clough, and if said Hayes and Clough shall be unable to agree upon any umpire, the Circuit Judge of the Twelfth Judicial Circuit of Wisconsin, shall upon application of either Hayes or Clough, and on twenty-four hours' notice to the other, appoint said umpire, and the finding and decision of said umpire and either one of said arbitrators shall be final and binding upon the parties to this contract; that the title to the ten acres shall be vested in Michael Hayes, of the City of Janesville, as trustee, within thirty days from the date thereof, the regularity of such title and the fact that the deeds thereto vest said trustees with a fee simple title free and clear of all incumbrances, assessments and taxes be certified to said trustee by Thomas S. Nolan, attorney, of Janesville Wisconsin.

Second; said second party will cause said trustee to permit the first parties, or any corporations to whom they shall assign their rights under this agreement, to enter upon said property for the purpose of erecting and operating a plant for the manufacture of cement posts and other products.

Third; the said first parties agree that they will forthwith erect or cause to be erected upon said ten acres and land adjacent a plant for the manufacture of cement posts and other products, said plant and equipment to cost approximately thirty thousand dollars (\$30,000) and to be completed within four months from the date hereof unavoidable accidents only excepted.

Fourth; said second party further agree that when said plant is completed at the approximated cost aforesaid and said first party shall notify said second party such fact shall be immediately certified to said trustee by L. B. Carle, C. S. Jackman and D. W. Hayes, of Janesville, Wisconsin, or any two of said persons, and when we shall further certify to said trustee that said plant is in active operation and that there are employed by the person or corporation operating said plant not less than seventy-five persons in the operation thereof, then said second party will forthwith cause said trustee to deed said ten acres by a deed to be approved by said Thomas S. Nolan, as conveying the title in fee simple free and clear of all incumbrances, assessments and taxes to said first parties, or to the corporation of whom said first parties shall assign this contract, and will also pay to said first parties, or to said corporation assignee the sum of five thousand dollars (\$5,000) cash.

Fifth; at the end of twelve months from the date hereof if the said trustee shall not prior to that time have received said certificate to the effect that said plant has been erected and is in operation as here-in provided, all rights and interests of every name and description of executors, administrators or assigns, in and to said ten acres shall forever cease and determine, and no purchaser or purchasers from said trustee after the expiration of said period of twelve months from the date hereof shall be under any obligation to obtain any quitclaim or deed or release whatsoever of said first parties, their heirs, executors, administrators or assigns, which they may claim to have in said premises. That the same shall be held by the said trustee for the sole and exclusive use and interest, both legal and equitable, of the second party hereto, and the said trustee shall convey the same assignee to said second party.

Elks' Election.
The annual meeting of the local lodge of Elks was held last evening and the following officers elected for the ensuing year: Exalted ruler, A. L. McIntosh; Exalted leading knight, Charles Ellis; Exalted loyal knight, T. S. Nolan; Exalted lecturing knight, George Sale; treasurer, F. H. Jackman; Tyler, F. H. Snyder; trustee three years, J. Fuller Sweeney.

The members of St. Agnes Guild pleasantly entertained the members of Trinity church at the Guild hall last evening.

J.M. BOSTWICK & SONS.
THE BIG STORE 28, 24, 26, 28, S. MAIN ST., JANESVILLE, WIS.
WE KEEP THE QUALITY UP

The What. The what is a store filled with the choicest Spring merchandise.

The Where. The where to find all this bright fresh merchandise is in this store.

The When. The when to get this wanted newness is now.

The Why. The why of it all is that we honestly believe our spring shipment surpasses all previous efforts to place before you just those asked for lines of goods that nearly every woman in this community is planning for her or her children's spring and summer outfitting. This store considers it to be its bounden duty to serve its buying public faithfully—honestly.

The Wash Goods Show.

Price is not a very strong factor in wash goods buying. The investment is not large. Prictiness of style, excellence of quality and fairness of price mark every piece of Wash Goods in the stock.

At 18c, LENO, open work effect with merzerized satin stripe. BATISTE, satin stripe.

At 15c, NARCISSUS satin stripe dimity, Shanrock Dimity, Primrose Batiste; a collection of over 200 styles.

At 50c, TISSUE DE LUXE, a brocaded merzerized fine satine in exquisite colorings.

At 25c Egyptian Tissues and fine sheer stuffs, by far the greatest showing we ever had; entirely new things that will never be common.

At 20c Luxinil Broderie, a lovely embroidered muslin creation.

At 12 1/2c, Challie Croise, a light cotton material in dainty stripes and figures, soft finish, just the thing for house sacques.

At 50c, Angle ey Beige; a soft finish, striped, silk and cotton novelty.

At 30c, 35c, 60c. All Linen Gingham in plain and stripes. The 60c quality is a silk and linen, plain material and beautifully fine.

At 25c, Jacquard striped Zephyrs, soft finish, soft shadings.

At 60c, 60c, Mousseline de Bol, Lucerne Mousseline, silk stripe crepe, Poir de Sois, &c. Silk and cotton novelties that are high art in earnest.

At 42c, Silk, Swiss, 45 inch, a dressy material.

At \$2.00, Embroidered Swisses, 45 inch, extreme novelties, rare colorings. Patterns only

The Gingham Family...

Some say Ginghams are scarce; they would be in some places but not at this store. We go from A to Z in Gingham. Every color and every size check in Apron Gingham at 6c. Great collection fancy stripes, extra quality, at 10c. Bates Seersuckers, variety almost endless, embroidered novelties at 12 1/2c. Fine Zephyr Gingham and Madras at 15c, 20c, 25c. Including the celebrated Anderson Scotch Zephyrs. We could fill a page telling about our Wash Gingham Goods. Where else can you find a larger or more representative stock. Call and get posted.

Horse Shoeing by experts. Prices most reasonable. Shop on Dodge Street between River and Franklin Streets, Janesville.

Facts and Figures About the Chicago Police Force

Chicago Patrolmen Are Neither So Numerous Nor So Well Paid as Those of Other Cities.

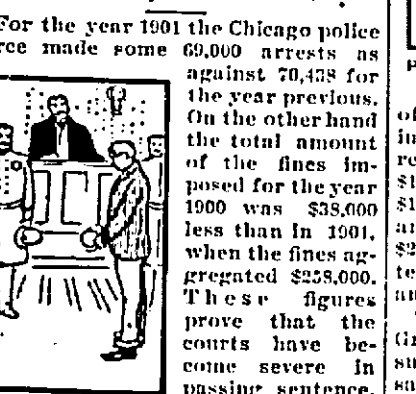

Marching in perfect step and with magnificent tread at the head of a street parade; with bright uniforms, white gloves, polished shoes and shining stars, the squads of policemen present a thrilling spectacle. One's first thought upon seeing the police out thus in force for the procession, is: Where did they come from? As a squad after squad of them passes by the observer finds himself wondering: Where do they keep themselves on ordinary days? Usually there are not so many of them in evidence. Here one, and there one, on important street crossings; and long stretches in the outlying districts, with never a glimpse of a blue coat—that is the impression of the casual observer at ordinary times. It is therefore a surprise to learn that so large a display of the physical embodiment of municipal authority can be made.

Chicago has nearly 2,500 patrolmen, and more than 200 police officers of higher rank. A few hundred of these would add considerable luster to any parade; it will be seen that even on state occasions the police force is not seriously crippled for the sake of show. True, great numbers of them seem to arrive from nowhere in particular, and it seems that the entire force must be at hand—either in the marching line, or in the long rows on either side of the street that mark the boundary lines between the spectators and the passing spectacle; but there are still officers enough to look out for the law breakers in other portions of the city. If this were not true every big parade—and parades are the especial weakness of Chicago—would be the signal for a brief, general reign of lawlessness.

The Chicago police force is expected to keep guard over 191 square miles of territory. Chicago covers so much ground and its outlying districts are so sparsely settled that the length of a policeman's beat is a matter that is governed entirely by the exigencies of the situation. He may be detailed to stand all day in one spot, or he may walk over beats varying in length from one block to three miles. As may readily be inferred the policeman who is compelled to wade about in the mud on the outskirts of the city is never without the hope that some day his superiors may take notice of his prowess and reward some daring arrest which he makes by transferring him to some precinct nearer town. So far as salary is concerned, there is only one grade of patrolmen in Chicago below detective sergeants; nevertheless the police force, like the metropolitan society, has its distinctive class. The patrolman who is detailed to duty in the heart of the city is a bird of very fine and brilliant plumage in comparison with the patrolman in the outlying district.

In round numbers Chicago has one policeman for every 820 inhabitants. Greater New York, with a much larger population, has one officer for every 402 inhabitants, her total police force numbering 7,500. Moreover, New York has seven grades of policemen below detective sergeants, who receive salaries varying from \$500 to \$1,400 yearly. Philadelphia has one policeman to every 473 inhabitants, and pays its 2,141 patrolmen by the day, the rate, starting with \$2.25 a day, increasing slightly with each year of service for five years, when the rate is \$2.75 a day. St. Louis, with one officer to every 687 inhabitants, pays her patrolmen better than Chicago, her 570 policemen drawing \$1,050 a year. Boston, with nearly a thousand police—one to every 451 inhabitants, pays \$1,000 the first year, and \$1,100 the second year, and \$1,200 the third year of service.

For the year 1901 the Chicago police force made some 69,000 arrests as against 70,438 for the year previous. On the other hand the total amount of the fines imposed for the year 1900 was \$38,000 less than in 1901, when the fines aggregated \$28,000. These figures prove that the courts have become severe in passing sentence, and that crime is lessening in Chicago. As a matter of fact the number of arrests has grown steadily less for at least the past five years. In 1897 the number was 36,650; in 1898, 77,441, and in 1899, 71,349. Of the 70,438 offenders in 1900 57,372 were males and 13,066 females; 35,620 were married and 34,818 were single. The records show that the greatest number of offenses are committed by persons between the ages of 20 and 30 years; the next greatest number are committed by persons between the

Arraigned at the Bar of Justice.

ages of 30 and 40, and the next largest number by young persons between the ages of 10 and 20 years, although the two latter classes are about even in this respect. By far the greatest number of offenders were those having no occupation whatever; the next offenders in order are laborers. Those next in order are housekeepers, teamsters, prostitutes, clerks, peddlers, etc. A great number of the arrests come under the head of disorderliness, nearly half the cases for 1900 being so entered. One of the important duties devolving upon the police department is the recovery of property reported stolen. In 1900 property to the value of \$258,969 (this not including horses and vehicles) was recovered. Including horses and vehicles, some \$114,181 worth was recovered. At a rough estimate fully four-fifths of the stolen property was returned to the owners.

Chicago has 42 police stations and each of these is a police center for a given precinct, and is supplied with a patrol wagon which is ever ready to respond to a "call" from any of the policemen in that precinct. While on duty an officer usually reports hourly by ringing up the station by means of the telephone in the patrol box on his belt; and when an arrest is made his box is the center of attraction for all the children which the neighborhood will produce. In response to his call the "hurry up wagon" soon comes clattering down the street and the prisoner is given a free ride to the station to await a hearing before the police magistrate.

But the matter of making arrests does not constitute the whole of a policeman's duty. Among the miscellaneous duties which the department attended to in 1900 were:

Lost children found and restored to parents..... 2,000
Lodgers accommodated..... 126,914
Mentally disturbed prisoners and lodgers..... 118,697
Accidents reported..... 6,206
Attempted suicides reported..... 571
Buildings found open and unsecured..... 238
Burglaries frustrated..... 238
Dead bodies found..... 641
Defective drains and vaults reported..... 42
Defective fire alarm boxes reported..... 42
Defective gas pipes reported..... 42
Defective hydrants reported..... 42
Defective water pipes reported..... 1,023
Defective sewers and catch basins reported..... 2,217
Defective culverts reported..... 630
Defective sidewalks reported..... 10,112
Disturbances suppressed..... 2,555
Fire alarms given without alarm..... 4,238
Fires extinguished without alarm..... 1,010
Intoxicated persons assisted home..... 20,540
Intoxicants and dead animals reported..... 249
Persons rescued from drowning..... 30
Sick and injured persons assisted..... 8,190
Street lamps taken up..... 1,545
Sudden deaths reported..... 125
Suicides reported..... 670
Broken street lamps reported..... 4,694
Streets found not properly lighted..... 674
Violations of building ordinances reported..... 226
Times waste of water reported..... 226

And what is done to apprehend policemen who break the law? There are other officers known as roundsmen or "spotters" who watch and see that patrolmen do their duty properly. These men know where a patrolman should be at a given time and they station themselves in a position to observe if he is attending properly to duty; if the patrolman does not appear when he should the spotter walks over the patrolman's beat to determine whether the officer is in need of assistance or is wilfully neglecting his duty—possibly for the enjoyments of a neighboring saloon.

Chicago patrolmen are more poorly paid than the patrolmen of almost any other large city in the United States. True, the two lowest grades of New York police receive \$800 and \$900 respectively, but there are comparatively few men in these beginning grades. Nearly 5,000 of the police of New York now receive \$1,400 yearly. Above the rank of patrolmen in Chicago, in ascending order, according to the salaries received, are: Detective sergeants, \$1,200; patrol and desk sergeants, \$1,200; lieutenants, \$1,500; lieutenants of detectives, \$1,700; captains, \$2,250; inspectors, \$2,500; chief of detectives, \$2,800; assistant chief, \$4,000, and chief, \$6,000.

The roster of the police force of Greater New York for 1902 shows the superior officers to rank and receive salaries as follows: One commissioner, \$7,500; 2 deputy commissioners, \$4,000 each; 4 inspectors, \$2,000; 10 inspectors, \$3,500 each; 78 captains, \$2,750 each; 370 sergeants, \$2,000 each; 334 roundsmen, \$1,500 each. St. Louis pays her commissioner \$4,000 yearly; her chief \$5,000; assistant chief, \$3,500; inspectors, \$2,500, and captains, \$2,400.

Philadelphia has a unique method of dealing with her chief police officers. Her chief of police receives \$4,000 and his clothing, and she supplies also the uniforms for the other chief officers. MILTON B. MARKS.

CORA, THE COWGIRL.

A Unique and Daring Product of Western Civilization.

For Two Hours She "Shot Up" the Town of Santa Rosa, N. M.—Always Has Plenty of Money at Command.

"Cora, the cowgirl," as she is known to the Santa Rosa whites, or Cora Chiquita, or Senorita Chiquita, by the local Mexicans, has disappeared from Santa Rosa, N. M. She flitted between two days to avoid arrest for "shootin' up the town" during a sportive drunk, and whither her flight tended, or where it ended, is yet unknown. Not long, however, will her whereabouts be a mystery, for wherever Senorita tarryeth she is soon in active and abiding evidence.

La Chiquita is a quarter-blooded Cherokee Indian, and was a cowgirl on the Cherokee Indian cattle ranges from the time she was able to sit on a cow pony until seven years ago, when she transferred her range riding to the Texas Pan-Handle, and thence drifted, accompanied by Poker Paul, a well-known frontier card sharp, to the construction camps of the Rock Island-El Paso railroad.

Cora and Poker Paul opened a saloon and gambling house at the famous Rag Town grading Rock Island camp and remained there until she became jealous of a pretty Mexican girl, upon which La Chiquita promptly shot Paul and scratched the woman until she looked as if she had been in close and energetic communion with a first-class barbed wire fence. Cora then mounted her horse and rode to Santa Rosa.

Cora Chiquita is now about 23 years of age, is slight in form, and yet robust and agile, carries a handsome and naughty head crowned heavily with black hair. Her face is lighted with flashing black eyes and teeth of a dazzling white, and she presents a picture pretty in the extreme, done in deepest olive.

She dresses in natty frontier male attire, wears a beplumed and bespangled sombrero, carries a brace of revolvers at her trim waist, and a repeating carbine in her shapely and supple hand; she is a quick and dead shot; a fearless and finished rider; is unrivaled in the use of the lariat; and, as the mood takes her, a good natured, gentle hearted, and hand-helping woman, or a fierce and daring desperado, before whose ready gun the most reckless cowboy or habitual "bad man" is glad, indeed, to hurriedly "hide out."

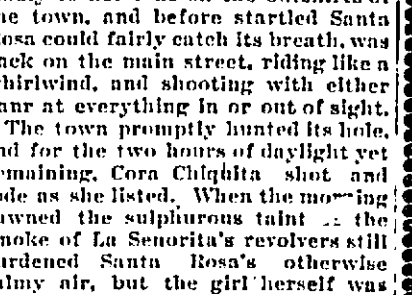

It was while being swayed by one of her periodical desperado outbreaks that La Chiquita Senorita earned her present exile from Santa Rosa. She had been drinking heavily, says the Chicago Tribune, riding her horse into saloons, and "settin' them up" to all hands. She became so drunk and disorderly that she was arrested and fined. With her wild heart aflame with mingled whisky and wrath, Chiquita once more mounted her horse, rode madly to her tent on the outskirts of the town, and before startled Santa Rosa could fairly catch its breath, was back on the main street, riding like a whirlwind, and shooting with either hand at everything in or out of sight.

The town promptly hunted its hole, and for the two hours of daylight yet remaining, Cora Chiquita shot and rode as she listed. When the morning dawned the sulphurous taint of the smoke of La Senorita's revolvers still burdened Santa Rosa's otherwise balmy air, but the girl herself was missing.

While Cora Chiquita is no mystery, there has always been sufficient speculation as to where she procures the money with which she is always more than liberally supplied, a financial amount far beyond that of any source apparently at her command. This moneyed conundrum, together with the fact that the girl herself is from the Indian nation, once the breeding place and refuge of bandits of all classes, has led to a suspicion that Cora Chiquita may be the shrewd advance and investigating agent of a bandit organization proposing bank and train robbery this winter along the line of the new Rock Island-El Paso railroad.

Australian Kangaroo Farms. Kangaroo farming is an important industry in Australia. The hides are valuable, and the tendons extremely fine; indeed, they are the best thing known to surgeons for sewing up wounds, and especially for holding broken bones together, being much finer and tougher than catgut.

First Mention of Gold. The earliest book which mentions gold is the Bible. It occurs in Genesis 2:11.

CORA ON THE RAMPAGE.

That's all. No energy, no vim, no vigor, no ambition. The head aches, thoughts are confused, memory fails. Life becomes a round of work but half accomplished, of eating that does not nourish, of sleep that fails to refresh and of resting that never rests. That's the beginning of nervous prostration.

"I was very nervous, and so tired and exhausted that I could not do my work. One dose of Dr. Miles' Nervine quieted my nerves and drove away the lassitude. Seven bottles did wonders in restoring my health."

Mrs. M. E. Lacy, Fortville, Ind.

Tired

that's all. No energy, no vim, no vigor, no ambition. The head aches, thoughts are confused, memory fails. NEWS OF THE COUNTY

FULTON

Fulton, April 9.—Eph Sayre and daughter Dorothy of Beloit are visiting at Frank Pease's.

Miss Etta Warner has been having improvements made on her home.

Miss Lizzie Kramer is visiting her brother Charlie, in Berlin.

Luella Post has been sick for the past two weeks but is now convalescent.

L. F. Patten took a trip to Brooklyn last Saturday.

We hear that Dash Higgins, formerly a much-esteemed resident of this place, now living at Albion, had the misfortune while fooling with dynamite caps, to have his hand badly hurt by the explosion.

Mrs. Jane Walker of Evansville was calling on friends here on Sunday.

Any parties using a slene in the river here nights should be prepared to stand the consequences; if the game warden should want to take a hand with them, the fish caught might come a little high even if they did get a lot at a haul.

We are pleased to hear that Mr. A. B. Fessenden, who is in the hospital at Janesville is on the gain.

W. S. Atwood transacted business in Whitewater last week.

Charles Gray, the famous pop man of Janesville was in the village on Monday.

Prayer meeting, at the church, on Thursday evening, as usual.

HANOVER

Hanover, April 9.—Ernest Damerow returned on Saturday night from California having been absent a year.

T. H. Inman shipped a fancy Swiss rearing calf to Iron Ridge, Wis., today.

Emma Hartwig of Orfordville spent Sunday with her mother, Mrs. A. Hartwig.

A. Wiggins shipped a car load of sheep on Friday.

E. McNair of Broadhead shipped a carload of tobacco on Friday to his warehouse in Broadhead to be sorted.

The Milwaukee Elevator Co. shipped a car of corn to Chicago on Saturday and received a car of midlings.

School opened Monday after a week's vacation.

Mrs. W. Selmore and Clara Selmore were footloose visitors on Friday.

Mrs. Florence Wendt returned to her home in Beloit Saturday after a two weeks' visit with relatives and friends in this place.

F. R. Lentz will soon occupy the shop owned by the Lentz estate.

Mrs. Eva Child departed this a. m. for Walworth, Wis., in the interest of the R. N. A.

Wanted—A wide-awake hustling business man to start a general store in Hanover. A good location for the right party. A meat market is also wanted.

WEST PORTER

West Porter, April 9.—Some of the farmers in this vicinity have begun sowing oats but our last freeze up has caused a delay.

Harold Brunell is our new milk hauler in this vicinity.

R. J. Wallace and family moved to Evansville last week.

Charles Eggelston of Brooklyn has been pulling stone in this vicinity the past few days.

Locke Pierce of Stoughton visited R. M. Carson last week.

Miss Irene Wood and Mr. W. J. Smart were guests at W. M. Tolles' Sunday.

Misses Ethel and Lola Sperry returned to their home in North Johnson last week Wednesday, having visited several days here with relatives and friends. Miss Jennie Sperry was a guest here the fore part of the week.

Mr. and Mrs. Burr W. Tolles were visitors at the parental home on Sunday.

Mr. Fred Morrison was seen on our streets last Sunday.

INDIAN FORD

Indian Ford, April 9.—Five new names were added to the roll at school on Monday. Doris and Maxwell Goodrich and three of the Notched children making over forty-one for one teacher to handle.

George Lackner is quite sick, being threatened with pneumonia.

Frank Babcock and Roy were both sick the first of the week.

George Whaley is under the doctor's care. He hurt his side while plowing.

R. N. Johnson is home after quite a visit in Chicago.

Miss Jessie Wood of Wauwatosa is visiting at her brother's.

A. L. Telch of Rockdale spent the Sunday at Albert Meier's.

Bert Parkyn spent Sunday with his aunt, Mrs. Shaler.

Mrs. Emma Shuman and Zella Hutson were over from Milton last Friday.

PORTER

Porter, April 9.—School in the Eagle district began last Monday with Miss Julia Cullen of Janesville as teacher again.

Mrs. Nate Dicks and baby Vera are visiting in the parental home.

A. B. Fessenden is still in the Janesville hospital, but is convalescing.

Frank Bos, wife and daughter Vera spent Sunday at W. H. Flarty's near Edgerton.

Some of the farmers have their tobacco seed sown already.

The weather the first of the week has been rather windy.

Miss Mamie Kealy is sewing at W. Barrett's.

Tonight

If your liver is out of order, causing Biliousness, Sick Headache, Heartburn, or Constipation, take a dose of

Hood's Pills

On retiring, and tomorrow your digestive organs will be regulated and you will be bright, active and ready for any kind of work. This has been a experience of others; it will be yours. HOOD'S PILLS are sold by all medicine dealers. 25 cts.

Her First Experience.

A charitable lady gave an outing at the seaside to a poor woman, sending her to the great campmeeting at Ocean Grove for two weeks.

The latter had scraped and saved all of her life and had never had enough of anything. At first sight of the ocean she was overpowered by its immensity. Then, lifting up her hands, she cried:

"At last, thank God, here's something that there's enough of!"—Detroit Free Press.

A Canine Hero.

De Style—Why did you tie that medal to your dog's collar?

Gunbusta—He saved my life.

De Style—In what way?

Gunbusta—Had he bit me I would have died from hydrophobia.

De Style—What has that to do with saving your life?

Gunbusta—He never bit me.—N. Y. Herald.

He Couldn't Understand It.

"Our preacher preached a awful funny sermon last Sunday," said little Egbert.

"What was it about?" the visitor asked.

"It was about Sodom and to-morrow. I guess Sodom was a town somewhere, but I don't see what to-morrow had to do with it, because it all seemed to happen a long time ago."—Chicago Record-Herald.

Give Him a Chance.

"Felix Barnwell wants to run for congress," said Farmer Clayton, looking up from his paper.

His wife nearly dropped the pan of dough.

"Run!" she exclaimed. "Land sakes! Any time he wants to run he ought to have the chance. He's so lazy he can't even walk fast most of the time."—Chicago Post.

Explaining His Regret.

"I regret to say," said the polite policeman in referring the charge against his prisoner, "that I found this man intoxicated."

"Regrets it!" muttered the prisoner, in apparent surprise; "regrets!" Then, as a great light seemed to dawn on him, he added: "Why, sure—he's envious."—Brooklyn Eagle.

A Common Misfortune.

"All Joshua wants," said Farmer Cornstossel, "is a chance to show what he can do."

"Yes," said the farmer; "I s'pose so. Josh is one of these people who never seem to get a chance to do anything except something they can't do."—Washington Star.

Hard Lines.

The Pug—Yes, doctor, I'm getting entirely too corpulent.

The Greyhound Doctor—H'm! Inconvenience you any?

The Pug—Well, I should say it did! Why, I'm so heavy that when my mistress takes me out she makes me walk nearly half the time.—Brooklyn Life.

Was Better Off Without It.

Hewitt—Gruet is a very polite fellow. I asked him if he would have a cigar, and he said he would. I found I didn't have one, but he thanked me just the same.

Jewett—He ought to have thanked you more.—Judge.

Satisfied.

May—Yes, I am going to marry Jack White.

Maud—My! from what you've always said I thought he'd be the last man you'd ever marry.

May—And I hope he is.—Philadelphia Press.

Continued Revelations.

The rolling sphere is never slow. But continues through the year; Our football day is no longer so.

Than our baseball days are here. —N. Y. Herald.

EVERYTHING WAS FAVORABLE.

Mr. Johnson—Don't you think it am easier to coax a woman than to drive her?

Mr. Jackson—Dunno; but I think it am a darned slight safer!—Puck.

Spring.

Dame Nature, too, is clearing house. For in each cool retreat She puts her verdant carpet down— The one that can't be beat.

—Judge.

Better Polley.

Mr. Johnson—Don't you think it am easier to coax a woman than to drive her?

Mr. Jackson—Dunno; but I think it am a darned slight safer!—Puck.

Circumstances Alter Cases.

Crawford—Does a woman always decline her first offer of marriage?

Crabshaw—That depends altogether on what age she is when it occurs.—Smart Set.

Conspiracy.

"Please, sir, I want a pound of your tough steak."

"Why tough?"

"'Coz if I get it tender pa will eat it all up and I won't get any."—Life.

YOUR FAITH will be as strong as

ours if you try

Shiloh's Consumption Cure

and ours is so strong we guarantee a cure or refund money, and we send you free trial bottle if you write for it. JANESVILLE

PIMPLES

My wife had pimples on her face, but she has been taking CASCARETS and they have all disappeared. I had been troubled with constipation for some time, but after taking the first Cascarets I have had no trouble with this ailment. We cannot speak too highly of Cascarets. FRANK WAITMAN, 5504 Germantown Ave., Philadelphia, Pa.

CLOSING UP THE CEMENT POST DEAL

Transfer of the Paul Farm in Progress
—Work on the Plant Will be Pushed.

The American Cement Post company of Athens, Mich., will erect a large plant in this city and in less than three months from seventy-five to one hundred men will be engaged in the manufacture of cement posts. Homer Paul went to Milwaukee this morning to get the last signature of the heirs to the Paul estate and tomorrow the deed will be signed transferring the Paul farm to five business men of this city, who purchase the entire farm of seventy-five acres. When this is done ten acres will be deeded to D. W. Hayes in trust until the American Cement Post Co., shall have erected a plant at the cost of \$30,000 and actually has seventy-five men at work. The bonus and site fund of \$6,000 has been raised except a little over \$100 and small sums ranging from \$5 to \$25 are coming in slowly, but it is hoped that the entire amount will be secured by tomorrow afternoon. The committee consisting of John M. Whitehead, George G. Sutherland and M. G. Jeffris, who were to straighten out some kinks in the abstracts of the farm and four lots in Crown addition, have performed their work and tomorrow the officers of the Business Men's association will sign the contract with the American Cement Post Co., which insures the plant for Janesville. The soliciting committee performed the work of raising the bonus and site fund in an expeditious and satisfactory manner. They are deserving of much praise as they are all active business men and neglected their own work to further this matter and expedite the raising of the money required. The committee in turn wishes to thank all who contributed to the fund, a large number of whom did so freely.

STONE CRUSHING TO BEGIN NEXT WEEK

New Enterprise for the City is in Progress, and Will Be in Full Operation Soon.

The city stone crushing plant will be put in operation the first part of next week to get a supply of material for street improvement on hand. The plant is in first class shape with the exception of a few minor parts of the crushing machinery which were damaged by the fire last summer but were made to do for the season. The machines were badly worn when the plant shut down last fall and it was decided to replace them with new parts and not take any chances of their breaking. The new parts have been ordered by the city from the Austin Co., of Chicago, and are expected here this week. As soon as they arrive and are in place the plant will be started up. Alderman McLean goes to Chicago tomorrow to rush the parts along so there will be no delay in getting to running. A large number of streets will be macadamized this summer which will keep the plant going all of the time.

BIDS FOR GRADING NORTH 1ST STREET

The street assessment committee, composed of Mayor Richardson, City Engineer Kerch and Aldermen Fifield, Gilkey and McLean met at the city clerk's office this afternoon to open the bids for the grading of North First street. Three bids were received for doing the work. Brown & Connors at 25 1/2 cents per cubic yard; P. W. Ryan, 23 1/2 cents and M. H. Curtis, 24 cents. The committee will recommend to the council next Monday evening that the bid of P. W. Ryan be accepted if all is in due form. This is the second time that bids have been asked for doing this work. Last fall they ranged from 28 to 34 cents per yard for the same work and were rejected by the committee as being excessive.

Putting in Church Organ

The organ in the Congregational church is being torn down, preparatory to shipping it to Lake Mills, Wis., where it is to be thoroughly overhauled and set up in the Congregational church of that city. The Lake Mills church are extremely fortunate to secure so large an organ for so little money. The organ is of a reliable make and when set up again, it will be a handsome instrument and will be practically as good as new.

Mr. C. Mial Dustin of Chicago is doing the work. The organ in the new Catholic church was completed last week by Mr. Dustin.

Car of Stone for City Hall

The last car load of stone for the new city hall arrived in the city yesterday. It consists of the stones for the steps leading to the entrance and the protecting stones along the sides. The work on the outside of the building is at a standstill but will be taken up as soon as the plasterers get through with the work inside the building. The carpenters strike did not interfere much with the progress of the building as the work was far enough advanced to allow the carpenters to quit without retarding the other work.

A Card.

Mrs. A. N. Haskell wishes to express her gratitude to the many kind friends who in her recent trial remembered her needs. She also wishes to state that the quarantine was lifted Monday. Her house and contents have been thoroughly fumigated by the health officer and pronounced safe from the possibility of conveying contagion. Customers having material there may remove or leave it as they feel disposed.

Plan to attend the dance to be given by the Degree of Honor at East Side Odd Fellows' hall on Thursday evening, April 10th. Smith's full orchestra will furnish the music.

When you are down town step in at Skelly's book store and see the new styles in wall paper. All fresh stock. Bright and stylish patterns at lowest prices.

The entertainment which it was planned to have by the young people of the Congregational church last evening was postponed to some date in the near future.

In Justice Reeder's court the R. Herschel Manufacturing Co. was given judgment against R. H. Hopkins for \$54.32. Gordon Young was given judgment against Isaac O'Claire for \$13.46.

The Degree of Honor will give a dance on Thursday evening, April 10th, at East Side Odd Fellows' hall. Smith's full orchestra will furnish the music. All persons holding invitations to former dances are invited to attend.

In removing superfluous hair and facial blemishes, toning the scalp, filling hollow cheeks and giving color I employ the methods of a Chicago specialist of over ten years' experience. It is no experiment. Consultation solicited. Mmc. H. M. Winsor, 302 Jackson block.

John D. Little, residing on the Emerald Grove road, six miles east of the city has returned from Chicago where he went with two cars of live stock for which he received the nice little sum of \$2,028. A thousand dollars a car for stock is a pretty good price.

Stowe Lovejoy, Frank Holt and Harvey Doran will represent the Janesville high school in a debate with the Appleton high school. The subject will be: Resolved, That the best and wisest solution of the Cuban question will be annexation to the United States.

A large quantity of steel rails for the inter-urban electric line arrived this morning and are being hauled down near the post office site and piled up. Now that the rails have arrived the work will progress rapidly it having been delayed the last few days on account of the non arrival of the steel.

Among the city Janesville men who are attending the Consistory convocation at Milwaukee this week are Robert Bostwick, William Carle, George Brink, Fred Howe, T. O. Howe, W. W. Willis, Will Farmer, S. Hotelling, J. W. Peters, A. E. Matheson, also M. Ehrlinger of Hanover.

Invitations have been issued by Mrs. C. E. Ranous, Mrs. E. C. Johnson and Mrs. Charles Schaller for a reception at the home of Mrs. C. E. Ranous, 267 South Main street, Tuesday afternoon, April 15, in honor of Mrs. F. A. Ranous of Fond du Lac.

O. A. Peterson of the Orfordville leaf tobacco firm of Peterson & Tollefsrud, was in town this morning enroute from Richland Center, to his home. He purchased several crops of tobacco around Richland Center, paying from 4 to 7 cents. He reports the tobacco as pretty well bought up in that section.

SUDDEN DEATH OF CARL HEISE

Well Known Janesville Man Drops Dead, Upon Arising to Blow Out a Light in His Room.

This morning at 6:30 o'clock, Carl Heise entered the sleep that knows no waking this side the resurrection morn. at his home on Jerome Ave. Mr. Heise had been sick about two days with heart disease, but last night was feeling better. Early this morning he arose to blow out a light in his room and in returning to his bed, dropped to the floor and expired. He was found by a grandchild and medical assistance summoned at once, but the spark of life had been extinguished.

Deceased was born in Lichen, Province of Brandenburg, Germany, 72 years ago and has been a resident of this city for 18 years.

Mr. Heise was a widower and made his home with his son, Mr. Carl Heise, Jr. He also leaves two daughters, Gertrude and Lizzie.

Two brothers, Gustav and William, both of this city, and two sisters, Mrs. Ed. Poenighen, of this city, and Mrs. Augusta Wolter, of Hammond, Ind., survive him. Notice of funeral will be given later.

George Lackner Dead

Word reached this city today that George Lackner of Indian Ford passed away at his home in that village this morning. He was sick but a short time. Deceased was highly respected in the community in which he resided. He conducted a general store at Indian Ford and has been town treasurer for the last sixteen years. He leaves a devoted wife and two children to mourn his loss.

E. RAY LLOYD HAS SOME EXPERIENCES

He Was Near the Great Northern Train So Long Snowbound at Minot, North Dakota.

E. Ray Lloyd returned last evening from a ten days' western trip to Seattle and Everett, Washington. Mr. Lloyd had some experiences during the trip that he will not soon forget; he was in Minot, North Dakota, when the train that was snow bound for four days between Minot and Williston came in. Provisions and fuel gave out and the passengers were in frightful state. One man suicided and three other people went insane as a result of the privations they endured. Mr. Lloyd was only one train ahead of the snow bound one.

On the way to Everett, while going through the Rocky mountains a landslide blocked the track and it was eight hours before traffic could be resumed. A force of Japanese were put to work clearing away the obstruction. He had hardly alighted from the train at Everett when he saw a street car run over a man and cut one of his legs off. Mr. Lloyd says Everett is a busy place; improvements are being made rapidly and within a remarkably short time has become a city of size.

NEWS OF A PERSONAL NATURE

F. M. Hart, of Tomah, was in town yesterday.

J. B. Humphrey of Afton is in town today.

George S. Parker went to White-water this morning to attend the annual meeting of the Century Pen Co., in which the Parker Pen Co. is interested.

RAILROAD NOTES

There is a slight uncertainty about the Northwestern railway company building its new double track from Fond du Lac to Green Bay the coming summer, notwithstanding that everything is in readiness to go ahead with the work.

It is understood in local railroad circles that the company is experiencing trouble in getting the necessary steel. Not only is the price very high but it is hardly possible to get it at any figure.

The Northwestern railway has sent four switch engines from the shops at Green Bay to Escanaba, where they will be used during the remainder of the ore shipping season. The road has been sending new engines to the north end in preparation for handling the ore business for some time.

C. A. Cosgrave, assistant general superintendent of the Milwaukee road with headquarters at Minneapolis, has resigned. This has revived the rumor that Daniel L. Bush of Milwaukee, who also holds the position of assistant general superintendent will be advanced.

It is learned from reliable authority that Charles A. Goodnow, general superintendent of the Chicago, Milwaukee & St. Paul railway system, will become general manager of the Chicago, Rock Island and Pacific railway on April 15.

For Sale—Early sunrise seed potatoes at A. Lutz's.

ARE YOU PAYING MORE?

Than 25c per lb. for your dairy butter? If so, it is unnecessary, because you can obtain all you want from us at that price. We make a specialty of this and sell the very best gilt edge

DAUGHTERS ENJOY A PLEASANT SESSION

Fine Program Rendered at the Residence of Miss Susie Jeffris Yesterday Afternoon.

Janesville chapter, Daughters of the American Revolution, enjoyed one of the most pleasing sessions of the year with Miss Susie Jeffris yesterday afternoon.

The regent, Mrs. Fathers, gave a description of her recent Western trip, telling more especially of Honolulu, the people and their customs. Quite an elaborate program was rendered as follows:

Witchcraft—Mrs. Loomis. Recitation—Fannie Rumlill. Piano Solo—Mrs. Sweeney. Ladies Quartette—Messdames Wilson, Menzies, Lewis and Miss Edwards.

How the Thirteen Colonies Were Named—Mrs. C. S. Jackson. Guitar and Mandolin—Patriotic Melody—Misses Shoemaker.

Miss Jeffris served inviting refreshments of ice cream and cake. At the May meeting the annual election of officers will take place.

Having served as state regent of Wisconsin D. A. R. for two years so efficiently, Mrs. James Peck resigned in favor of Mrs. T. H. Brown of Milwaukee, who was elected to fill the office at the last Continental Congress in Washington, D. C.

Mrs. Brown is secretary of the State Federation of Women's Clubs and will attend the sixth biennial to be held at Los Angeles, Cal., May 1, 1902, continuing one month. The program for which is nearly complete. Eschscholtz Chapter, Daughters of the American Revolution, will give a reception to the President General and visiting delegates one afternoon during biennial week.

Beautiful strawberries 12 and 11 cents pint box. Grubb. Asparagus 15 cents bunch. Grubb. Fancy tomatoes, 15 cents. Grubb. Wax beans, spinach, lettuce, celery, green onions, bunch beets, cucumbers, mushrooms, pie plant, parsley and round radishes. Grubb.

Henrik Ibsen's Early Life. Henrik Ibsen fifty years ago was serving behind the counter of a country drug store. The dispensing of medicines, however, did not suit tastes of the celebrated Norwegian, and during his apprenticeship he was hard at work reading for the profession of a doctor. In order to eke out a very small salary he took to writing, with what result the whole world knows.

German Teachers Poorly Paid. Germany is undoubtedly the best educated nation of Europe, yet its teachers in many parts of the country are very poorly paid. Recently several men teachers in Frankfurt applied for situations as policemen, owing to their remuneration being smaller than that of the average police officer.

A Few of The Many.

13c, a large Tin Pail. 25c, a large Dish Pan. 9c, Good Coffee Pot. 5c for 2 Glass Tumblers. 5c for 3 large papers Tax.

Groceries.

9c for large glass Horse Radish. 9c for large Bottle Catsup. 9c for Finest Toilet Soap. 9c for Large Can Pears. 9c for large can Baking Powder. 9c for large Package Macaroni.

CLUB WOMEN HAVE EYE ON CALIFORNIA

Expect to Attend the General Federation Meeting at Los Angeles, and Profit Thereby.

Local Club Women who expect to attend the Sixth Biennial meeting of the General Federation of Women's Clubs held in Los Angeles next month are eager to embrace every opportunity afforded them of increasing by personal observation their knowledge of California.

Evidence of this is given in the character of the requests for information constantly received.

The two months allowed by the time limit of the excursion ticket, permits but a snap shot view of the great State.

It is the intention of the Biennial Local Board to assist visitors in every way possible in seeing all that is peculiarly characteristic of this country.

Particular interest has been shown by correspondents in California basketry, Mexican drawn work, and carved leather, consequently a special attraction will be found in an exhibition of the Arts and Crafts of California, made at the Los Angeles Chamber of Commerce. This is a permanent exhibition made by the Pasadena Exhibition Association, an organization which has primarily for its object the preservation and restoration of old California landmarks, the protection of the picturesque, and the collecting of much that is of historical and artistic value belonging essentially to California and the southwest.

This exhibit of arts and crafts, therefore—which has the endorsement of city, county and state—will include an accredited display of Indian baskets, classified according to design, historic association, money value and rarity, as well as drawn work, leather work, photographs, and much else, distinctly Californian.

The advantage of this comprehensive, classified exhibit will be appreciated; through it collectors are enabled to procure information as to the intrinsic value of these articles without the fear of being misled or misinformed. An interesting feature in connection with the work of the Association is the effort to re-establish the ancient "Camino Real" or royal road—less literary—the king's highway. This is the most direct route which is practical between the old pueblos and old missions of California from San Diego to San Francisco.

Toombs Jury Dismissed

Chicago, April 9.—The Toombs jury reported that it was unable to reach an agreement and Judge Ball discharged the members. The crime for which Toombs has been tried was an unusually atrocious one. On Dec. 30 last, Toombs engaged a Norwegian girl, Carrie Larsen, as a cook on the boat on which he was watchman. She went there, and that night she was strangled to death and her body thrown into the river, weighted down with iron. The body was found and Toombs was arrested. Toombs has all along maintained that Klessig, his companion on the boat, murdered the girl.

Rhodes' Request to Ohio

Columbus, Ohio, April 9.—Representative McNamee introduced in the house a resolution providing for the acceptance by the state of Ohio of the two scholarships in Oxford university bequeathed to the state by the late Cecil Rhodes. The author of the resolution stated he had offered it by request; that he was in no way in sympathy with the life or work of Cecil Rhodes, and asked that his statement be recorded in the journal.

Goes to Philippine Bench

Santa Fe, N. M., April 9.—William H. Pope, of Atlanta, Ga., for the last eight years a resident of Santa Fe, United States attorney of the Pueblo Indians and United States assistant attorney of the court of private land claims, has accepted a judgeship of the court of the first instance in the Philippine Islands, tendered him by Gov. Taft. He will sail in June. Judge Pope is a gold Democrat, 31 years of age.

Motor Car Runs Into Train

Joliet, Ill., April 9.—Scores of lives were endangered in a collision between a street car and a Santa Fe train. Henry Muff, motorman, was badly hurt and may die. The car had about seventy-five workmen aboard. The air brakes failed to work and the car crashed into the passenger train. The force of the collision knocked a passenger coach from the track and demolished the street car. None of the passengers was seriously hurt.

Sign Manchurian Pact

Peking, April 9.—The Manchurian convention has been signed. The ratification will take place three months from date.

The Russians undertake to restore the Niu-Chwang and Shan-Hat-Kwan railroad to the Chinese when the British relinquish control of the railway in Chi-Li province.

Poolroom Man Fined \$1,000

Joliet, Ill., April 9.—Harvey Hoffman pleaded guilty to an indictment here charging him with maintaining a poolroom at Richton and was fined \$1,000 and costs. The fine was paid. No action has yet been taken in the case of Henry Donovan, indicted with Hoffman for the same offense.

Wife Murderer Hanged

Camden, N. J., April 9.—Samuel Van Stavern, convicted of the murder of his wife, was hanged here.

The crime for which Van Stavern paid the death penalty was committed Nov. 29 last and was the result of jealousy.

Strike Oil in Michigan Well

Menominee, Mich., April 9.—Oil has been struck at Bark river at the depth of eighty feet. The boring of the well has been going on since last fall. It is not known to what extent the oil exists, but it is thought to be in paying quantity.

Pope to Send Special Missions

Rome, April 9.—The Pope has decided to send important special missions both to the coronation of King Edward and to the festivities in Spain attendant upon the enthroning of King Alfonso.

Military Burial for Reece

Springfield, Ill., April 9.—The funeral of Jasper N. Reece, adjutant general of Illinois, will be held on Thursday afternoon at 2 o'clock, and will be a full military burial. Gov. Yates and his staff will attend the funeral in full uniform and many prominent officers of the Illinois National Guard will be present. Private service will be held at the residence, after which the remains will be escorted to the statehouse, where they will lie in state until 2 o'clock.

Chinese Taxpayers Revolt

Tientsin, April 9.—Three thousand Chinese troops and a number of Krupp guns have been dispatched to southern Mongolia, where the people are in revolt against the severe indemnity taxation. Several villages have been strongly fortified and their inhabitants are determined to fight.

Political Notes

Republicans of Pike county, Ill., will hold their county convention April 23. Republicans of Henry county, Ill., will hold their county convention on April 25.

The Whiteside county, Ill., Democratic convention will be held at Morrison April 21.

Congressman Charles H. Grosvenor was renominated by acclamation by the Republican district convention at Athens, Ohio.

The Logan county Republican central committee has decided to hold the party primaries April 13 and the county convention April 22.

In the city election at Kansas City the Democratic ticket was successful, majorities ranging from 1,200 to 2,500. That party's platform favored municipal ownership.

The sixteenth Illinois Republican congressional convention will be held at Peoria May 6. Sixty-three of the 124 delegates are already instructed for Congressman Graft.

The Illinois Women's Republican convention will meet at Springfield May 7 to unite on a candidate for university trustee to recommend to the State Republican convention.

CHILDREN LIKE IT.

"My little boy took the croup one night," says E. D. Reynolds of Hannibal, Mo., "and grew so bad you could hear him breathe all over the house. I thought he would die but a few doses of One Minute Cough Cure relieved and sent him to sleep. That's the last we heard of the croup." One Minute Cough Cure is absolutely safe and acts at once. For coughs, colds, croup, grip, asthma and bronchitis.

A CARD.

We, the undersigned, do hereby agree to refund the money on a 50 cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

CULLOM WOULD RESPECT TREATY

Favors Chinese Exclusion, but Opposes Pending Measure as Unjust.

CLAIMS IT VIOLATES PACT

Senior Illinois Senator Says the House Bill is in Contravention of the Convention with China and That it Will Cripple Our Eastern Trade.

Washington, April 9.—Senator Cullom, chairman of the committee on foreign relations, made a vigorous protest against the passage of the Chinese exclusion bill in its present form. While going on record as in favor of the rigid exclusion of the Chinese in the general acceptance of the term, he said the present bill was a contravention of our treaty obligations with China. He conceded the authority of congress to ignore the solemn treaties of the United States, but he strongly urged the inadvisability of such action.

Mr. Patterson of Colorado and Mr. Perkins of California supported the pending bill, maintaining that in no way did it contravene existing treaties as by the convention of 1894 China had agreed that Chinese laborers should be excluded from this country. The bill was drastic in its provisions, they admitted, but no more so than was necessary to eliminate the possibility of fraud.

At the opening of the session the president pro tem. (Mr. Frye) laid before the senate a telegram signed by Claus Spreckels and about twenty other business men of San Francisco protesting against the passage of the Chinese exclusion bill in its present form. The signers of the telegram declared that the exclusion of legitimate Chinese merchants, according to the provisions of the measure, would be an act of gross injustice.

Mr. Cullom reviewed the treaties and legislation on the subject of Chinese exclusion and, continuing, said: "Personally, I am in favor of an absolute exclusion of Chinese laborers, in the ordinary meaning of that word, and the proper enforcement of our laws, and it seems to me that those laws are amply sufficient. I do not think it would be wise for us to pass the bill under consideration, because I consider many provisions of that bill to be violations of our treaty relations with China. There is nothing in the present situation that makes it either expedient or necessary to pass a law in disregard of our treaty with China. We should do nothing that is not upon a high plane of honor and dignity."

"Our trade with China is worthy of consideration in dealing with this subject. It is sure to come to us if we do not shut the doors ourselves. We have opened the way by establishing our outposts upon the sea to make it easy for the United States to control the commerce of that country."

"My belief is we ought not to pass any laws in disregard of the spirit or letter of our treaties; that we can continue the present laws until the treaty of 1894 shall expire, and in the meantime a new treaty can be agreed to."

In answer to an inquiry of Mr. Patterson, Mr. Cullom said he wanted the bill so framed as to enable an honest student and an honest teacher to enter the United States without being branded as a criminal, liable to a jail sentence or to deportation. That was the meaning of our treaty with China, and that ought to be the meaning of the law.

The exclusion bill as passed by the house was laid before the senate, and Mr. Frye directed that it be referred to the committee on foreign relations.

Mr. Penrose, chairman of the immigration committee, which has had the Chinese measure under consideration, protested against such reference, saying it was "a most extraordinary proceeding." In view of the fact that the immigration committee had had the subject under consideration for many weeks.

By vote of the senate the measure was referred to the immigration committee.

Denies Stories of Cruelty.
Washington, April 9.—General MacArthur continued his testimony concerning conditions in the Philippine archipelago before the senate committee on the Philippines. Concerning the conduct of the war he said that while it was war, he doubted whether if any war of modern times had been conducted with as much humanity and self-restraint as this had been. In this connection Senator Lodge asked a number of questions bearing upon the reports of cruelties practiced by American soldiers, to which the witness replied that while there doubtless had been instances of excesses, the general conduct on the part of our troops had been of an opposite character, as the general orders had been. Moreover, all violations of the rules of war had been instantly punished.

Conspiracy Bill.
Washington, April 9.—The great interest taken by organizations of railroad men in the Grosvener bill defining conspiracy and also the anti-injunction features thereof, is manifest by the fact that nearly every railroad men's organization in the west and middle states has petitioned for the early consideration of this bill. The bill has been under consideration by

the committee on judiciary, and about three weeks ago Chairman Ray was ordered to report the bill for favorable consideration from the house. At the request of the speaker Chairman Ray stated that the bill will be reported to-day. The delay in reporting the bill has been due to the fact that Mr. Littlefield of Maine, a member of the committee, asked to present a minority report. The bill, reported to the house, will go on the house calendar and will be entitled to consideration on the call of committees. It is well known that Speaker Henderson is earnestly in favor of consideration of the bill, and has urged Chairman Ray to get it before the house at the earliest possible moment.

Naval Force to Be Increased.
Washington, April 9.—It is proposed to increase the naval force of the United States till it embraces a total of 50,000 men. To secure this result important changes in the enlistment system are planned at the navy department. It is proposed to add 3,000 men annually, beginning this year, and continuing until 1910 to secure a force sufficient to man the ships. There are now nearly 23,000 men in the navy, including apprentices, and, with the increase that is expected to be authorized this session, the navy between now and July, 1903, must prepare 6,978 new men. This problem is the more difficult on account of lack of training ships and of the means of quartering and instructing the novices.

Tax on Tea to Remain.
Washington, April 9.—Tea is one article from which the tax is not to be taken July 1 by the revenue reduction bill. The tax does not come off until January 1, 1903. Some misunderstanding in regard to this appears to exist, but the facts are as stated here. It is expected there will be a great increase in the importation between now and that date. The present tax of 10 cents a pound went into effect June 13, 1898. During 1895, 1896 and 1897 the yearly importations averaged 101,000,000 pounds. Since then they have averaged 80,000,000 pounds. The consumption of coffee, on the other hand, has increased 25 per cent since 1895.

Major Pruden Is Seriously Ill.
Washington, April 9.—Major O. L. Pruden, assistant secretary to the president, has been removed to Garfield hospital for treatment for organic heart trouble. He is in a dangerous condition and it is believed that he cannot survive long.

To Hear Arguments Monday.
Washington, April 9.—The United States Supreme court decided to hear arguments next Monday upon the application of the state of Washington to take jurisdiction in the case of the Northern Pacific and Great Northern merger.

Washington Notes.
Washington, April 9.—The house bill establishing civil government in the Philippines was finally perfected by the Republican members of the insular committee, and in its complete form was reintroduced by Chairman Cooper. There is little doubt that it will be reported to the house by the full committee. It provides a complete form of civil government for the islands, to go into effect when the war terminates.

The house committee on naval affairs has adopted a resolution not to incorporate any provision for submarine boats in this year's naval appropriation bill.

House elections committee No. 2 has agreed to a report favorable to Emmett Tompkins in the contest brought by John J. Lentz of the twelfth Ohio district.

The condition of the Rev. T. De Witt Talmage shows no improvement.

Abe Frank Wins the Derby.
Memphis, Tenn., April 9.—Only four horses faced George C. Bennett's candidate, Abe Frank, in the Tennessee Derby, but the 10,000 people who turned out saw much more of a horse race than they had expected. J. W. Schorr scratched H. L. Coleman and Bennett concluded to rely solely on Abe Frank, leaving Ed Austin in the stable. Abe Frank was considered so overwhelmingly superior to his field that he was made a 1 to 6 favorite, but Lou Woods, a New Orleans selling plater, had him as straight as a string in the last furlong, and he won only by a neck.

Damaging Blaze in Casey, Ill.
Terre Haute, Ind., April 9.—Fire broke out in the business portion of Casey, Ill., forty miles west of Terre Haute, at midnight last night, and a call for aid from Terre Haute was made. At 2 o'clock this morning the business portion of the town on both sides of Main street was almost completely gutted. The loss at this hour is estimated to be at least \$50,000.

Lord Kimberley Is Dead.
London, April 9.—Lord Kimberley, the liberal statesman, who had been ill for some time, died yesterday afternoon.

Builds up the system, puts pure, rich blood in the veins; makes men and women strong and healthy—Burdock Blood Bitters. At any drug store.

"I suffered for months from sore throat. Eclectic Oil cured me in twenty-four hours." M. S. Gist, Hawesville, Ky.

No matter how long you have had the cough; if it hasn't already developed into consumption Dr. Wood's Norway Pine Syrup will cure it.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

Mrs. J. T. Henderson is visiting friends in Chicago.

Rheumatism

The liniment bottle and flannel strip are familiar objects in nearly every household. They are the weapons that have been used for generations to fight old Rheumatism, and are about as effective in the battle with this giant disease as the blunderbuss of our forefathers would be in modern warfare.

Rheumatism is caused by an acid, sour condition of the blood. It is filled with acid, irritating matter that settles in the joints, muscles and nerves, and liniments and oils nor nothing else applied externally can dislodge these gritty, corroding particles. They were deposited there by the blood and can be reached only through the blood. Rubbing with liniments sometimes relieve temporarily the aches and pains, but these are only symptoms which are liable to return with every change of the weather; the real disease lies deeper, the blood and system are infected. Rheumatism cannot be radically and permanently cured until the blood has been purified, and no remedy does this so thoroughly and promptly as S. S. S. It neutralizes the acids and sends a stream of rich, strong blood to the affected parts, which dissolves and washes out all foreign materials, and the sufferer obtains happy relief from the torturing pains.

S. S. S. contains no potash or other mineral, but is a perfect vegetable blood purifier and most exhilarating tonic. Our physicians will advise, without charge, all who write about their case, and we will send free our special book on Rheumatism and its treatment.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

Clothes Make the Man

so far as appearances go, and first impressions are lasting.

MAHONEY READY TO SETTLE DOWN

Well Known Janesville Attorney Tells a Political Story to a Milwaukee Sentinel Reporter.

Judge J. L. Mahoney, who nominated Louis G. Bomrich for governor in 1900, and coined the famous expression, "Bryan, Bohmrich or Blood," was at the Kirby house yesterday says the Milwaukee Sentinel. Judge Mahoney was formerly a resident of Janesville, but has now shifted his quarters to Portage. "We have elected J. E. Jones mayor of Portage for the fifth consecutive time," remarked Mr. Mahoney, "and we propose to nominate him as the democratic candidate for governor this summer and elect him, too. You know we democrats are always going to elect everybody we put up until the people get a chance to vote."

"I have devoted a great deal of my time to traveling about the country of late years," continued Judge Mahoney, "but I am going to settle down and attend to my law practice. I have traveled 200,000 miles and never met with an accident or anything out of the ordinary, except when I was at Perry, Oklahoma, when they first opened up the strip to settlement. That was the greatest sight I ever witnessed. We went in there Sept. 16, 1893, as you probably remember."

"It was a race for the choice lots in Perry and was participated in by men and women on horseback, on bicycles and on foot and it was a tremendous time. There were between 60,000 and 70,000 of us gathered within the corporate limits of Perry and there was not a house in the place. But it was a happy good-natured delegation nevertheless. We held a meeting in the open air to choose delegates to a convention to form a civil government. Of course the people were gathered there from the four corners of the country and they were all strangers to each other. When a name was proposed for delegate to the convention the cry would go up:

"Stand him on a box and let us see what he is like."

"The proposed delegate was required to mount a dry goods box which stood in the center of the multitude and submit himself to a personal inspection and upon the result depended his election."

"I was finally named as one of the delegates and the cry went up on all sides:

"Let him stand upon the box so that we can see what he is like."

"I was accordingly hoisted upon the box, when one fellow standing in the front line caused the entire multitude to break forth in hilarious merriment at my expense by exclaiming in a feigned voice:

"Well, boys, I guess he'll do; but why don't someone feed him?"

Judge Mahoney is very thin and will not weigh more than 100 pounds although he is of the average height of men as they go.

MYERS GRAND SATURDAY APR. 12

I will personally guarantee this performance of The Burgomaster to be the most complete ever given in this city, and The Burgomaster needs no introduction to our theatergoers. PETER L. MYERS.

Fireman Dies at His Post.

Chicago, April 9.—Phelan Patrick Keeley, a member of engine company No. 1, fell from a ladder while working at a fire at Canal and Washington streets and received injuries from which he died a few hours later at the county hospital. The property loss was \$12,000.

Passengers Injured in Collision.

Joliet, Ill., April 9.—Nine passengers were injured and scores of lives were endangered in a collision between a street car and a Santa Fe passenger train. Henry Muff, the motorman, was badly hurt and may die. The air brakes failed to work and it crashed into the train.

Foreman's Death Suits.

New York, April 9.—With a view of avoiding litigation, August Belmont & Co., financial agents of the subway construction, have bought outright all the property damaged by the cave-in on Park avenue, paying \$1,000,000 cash for the whole block on Park avenue between Thirty-seventh and Thirty-eighth streets.

Suffers from Acute Mania.

New York, April 9.—The Rev. William Crawford Frost, the Baltimore clergyman who interrupted the dinner to Andrew Carnegie and later was taken to Bellevue, was declared to be suffering from acute mania by the doctors there.

Election Official Arrested.

Milwaukee, Wis., April 9.—The entire election board of the village of Whitefish Bay, one of Milwaukee's fashionable suburbs, was arrested, charged with wholesale fraud at the election last Tuesday. Those arrested were Dr. T. W. Williams, chairman of the board and president of the village; William J. Isenring, clerk of elections and village clerk; and Fred Sanderbach and August Baugh, inspectors of election.

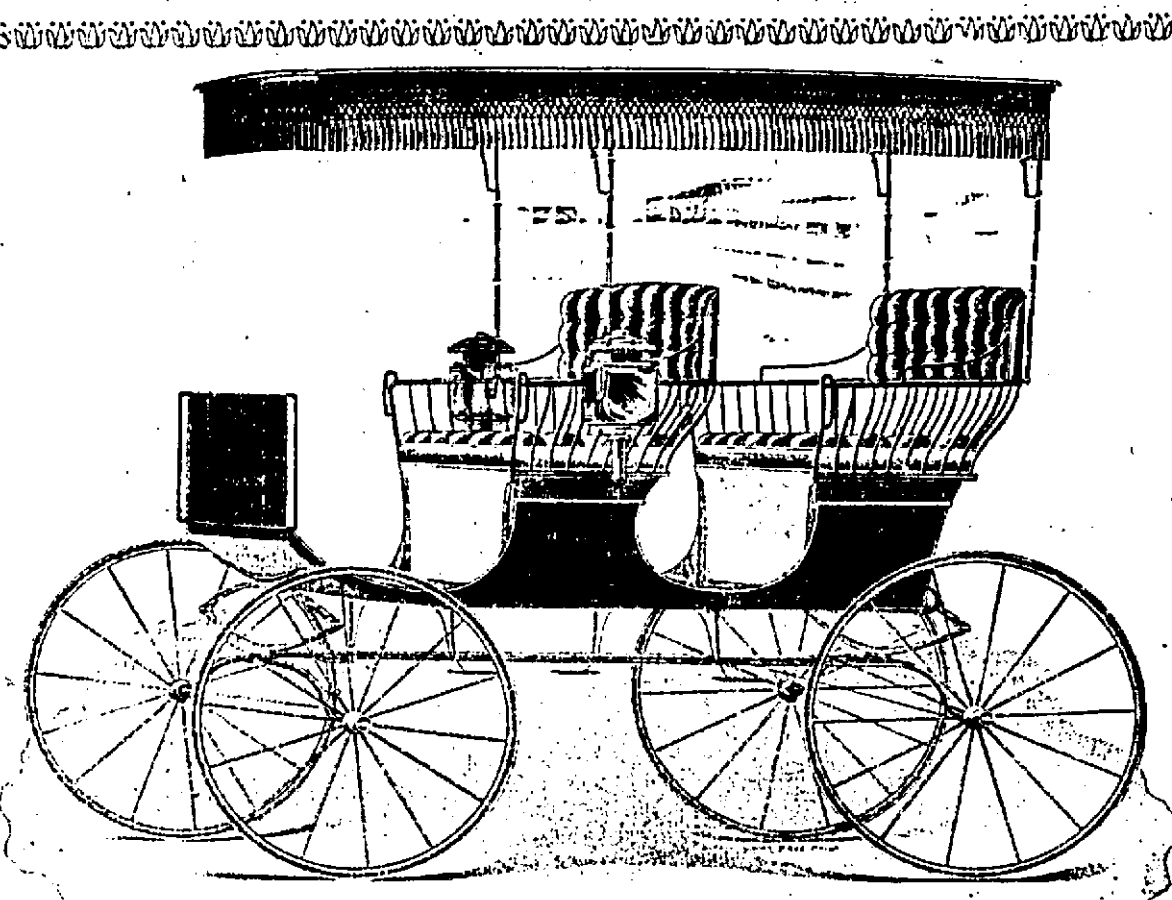

Two Die in Express Crash.

Cleveland, Ohio, April 9.—The Indianapolis special on the Big Four road between Indianapolis and Cleveland was wrecked while running through Walworth run, a low-lying body of land on the west side of the city. The dead: William McGrath, Edward McNally.

The wreck is believed to be the result of a washed-out track caused by the incessant downpour of rain.

Gen. Fitz-Simons Resigns.

Chicago, April 9.—Gen. Charles Fitz-Simons yesterday severed his connection with the Illinois National Guard. He did so on the insistent demand of Governor Yates after a milder suggestion had failed to elicit his resignation. The governor appointed Col. George M. Moulton to succeed Gen. Fitz-Simons as brigadier general.
